TERMS AND CONDITION OF SALE

We offer usual terms to those of known responsibility; otherwise 25 per cent cash must be accompanied with order and then shipment will go forward C. O. D. for balance.

Your order is always filled with liberally graded Nursery Stock, fresh and with a good root system.

Due to labor shortage, we urge you to get your order in early in order that we may have plenty of time to take care of it. Remember too, that shipment will take more time in transit than ever before.

We always try our best to ship according to instructions and when shipping instructions do not accompany order, we ship the best possible way for prompt service and to save you money, and that the stock will arrive in good condition.

We guarantee our stock to be true to name. In no case shall our liability be more than the original invoice value.

All claims for shortage or damage must be made within 10 days after receipt of Nursery Stock.
